FREQUENTLY ASKED QUESTIONS (FAQS)

1. How do I start the new kitchen process?

Consider the following about your new kitchen:

- How often do you entertain?
- Do you want to increase the amount of storage space?
- Are you maintaining your original footprint or are walls being removed and appliances being relocated?
- Will family and friends be eating around the island?

2. Do I need a large space for an island?

Islands are natural gathering places for family and friends. Ensure you have a minimum of 40" between any other cabinet countertop or appliances to maintain a feeling of openness.

- 40" spaces are nice for foot traffic between any existing walls and the island.

3. How do I choose handles?

- Knobs and handles can add a touch of unique personality to your new cabinets - consider matching some of the appliance styles or faucet colours in your kitchen.
- Dexterity is also something to consider. Choose handles with a comfortable amount of space for your hands and fingers to be able to pull open drawers and cabinets.

4. Will a new kitchen add value to my home?

The Appraisal Institute of Canada, states the renovations that return the highest return on investment are, in this order:

- Kitchens
- Bathrooms
- Interior Painting
- Exterior Painting

5. Do Lazy Susans add space?

Lazy Susans are a practical and affordable solution to increase the storage and improve access to all the space in your corner cabinet.

6. Where can I see samples?
